

A horizontal number line with arrows at both ends. Below the line are ten empty boxes for digits, each containing a small number 0 through 9 in order from left to right.

—

A horizontal number line starting at 0 and ending at 100. There are major tick marks every 10 units, labeled 0, 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100. Between each major tick mark, there are four smaller tick marks representing increments of 2. Above the number line, there are boxes for writing numbers. The first box is above 0. Then, after each major tick mark (10, 20, etc.), there are two boxes: one for the tens digit and one for the ones digit. For example, above 10 are boxes for '1' and '0'. This pattern continues up to 90. Finally, there is a single box above 100.
