- What is prohibited during the flight?**

2. Read the following email and do the activities that follow.

Hi Pradip,
How's it going?
Everything is well here and hope the same with you. I wanted to tell you about my visit to my birthplace during Dashain vacation. I went to my home district with my parents to celebrate Dashain. The festival is a celebration of the victory of good over the evil. It is said that on this day Lord Rama got victory over the evil Ravana and over the devil Mahisasur by Goddess Durga. The festival is celebrated with lots of happiness and excitement. We enjoyed the fare and ate many dishes. The vacation was full of fun and enjoyment.
How was your vacation? Looking forward to hearing from you!
Take care.
Love,

A. Write 'T' for true and 'F' for false statement. 5

3. Read the following passage and do the activities that follow.

We all want development to develop is to discover or make new things which make our lives more comfortable. Nature is the source of all things we need for development. Nature gives us everything: water, food, clothes, minerals, wood air etc. But unplanned development can damage nature itself water is one of the resources nature has given us free of cost. Without water no human being can survive. But, it is a pity that we are polluting water resources carelessly. People down forests and build houses. This dries up the sources of water. We set up industries and through unwanted materials in the nearby rivers. We also join our toilet drains to rivers. This has affected birds, animals, other water species and human beings very badly.

A. Find out opposite meanings of the given words from the passage above. 5

- | | | |
|--------------|----------------|---------|
| a. Difficult | b. planned | c. dead |
| d. wanted | e. destruction | |

4. Read the passage and answer the following questions. 10

George Stephenson was born in England in 1781. He had three brothers and two sisters. His father worked in a mine. He was very poor. George didn't go to school. He was eight years old. A rich man gave him a little money. He looked after a rich man's cow. Aged 12 George worked in a mine. He was the pumps. They pumped out water. They had steam engines.

In 1799, George went to school in the evening . He learned to read and write. He also mended shoes and clock. He married and had a son, Robert in 1803. But two years later, his mother, George's wife died. George cared for son, Robert and sent him to school. George began to make engines. The engines had a big fire and a tank of water. The water made steam. The steam made the engine move. In 1814, George made the engine on wheels to pull heavy load. It went at 13km an hour.
